- The Chairperson requested the SLC members to offer their remarks and suggestions for framing new Infrastructure policy guidelines for mega projects along with safety measures to be taken by the Government in case of non implementation of the unit after availing the incentives under IIDF.
- The SLC observed that the claims are being received without indicating the date of completion of infrastructure component by industrialists and without proper supporting documents. The line departments are denying for mentioning the date of completion of the infrastructure component, executed by Units. Power line component completion can be considered by verifying the date of power release whereas as in case of road, water and other components, there is no evidence about date of completion. The SVC expressed its view to ascertain the date of completion from Chartered Accountant by verifying the date of expenditure and also by obtaining the affidavit from the unit holder. Further it is decided the date of completion of each infrastructure should be before DCP or within 6 months from DCP.
- The SLC discussed the importance of date of completion of infrastructure components and its effect on the eligibility for sanctioning the incentives under IIDF.
- The Chairperson instructed the JD (Infra) to prepare simplified guidelines on IIDF and to place it in next SLC for deliberations and suggestions.
- The Chairperson also directed to take necessary measures for filing and processing of IIDF claims through Information Technology enabled platform with an aim to improve the Ease of Doing Business.
