The deliberations held in the meeting and decisions taken are as detailed below:

I OPENING REMARKS

The Chairman in his opening remarks has welcomed the stakeholder department nodal officers to the Single Desk Bureau meeting and thanked them for their invaluable work which contributed to the success of the Single Desk Portal (SDP). The Chairman reiterated the need for the continued engagement of all stakeholder departments in adding more services to SDP and ensuring that AP is the most preferred investment destination. Afterwards, the Chairman initiated the discussion on performance of the SDP especially with respect to pending applications.

II GENERAL

The following are the minutes of the meeting:

1. The overall performance of Single Desk Portal was discussed :
 - a. A total of 19,478 (as of 11th May, 2017) have been received on SDP in total since launch and of which 17265 (94.91%) of applications have been approved within SLAs
2. The Chairman invited representatives of the following industries whose clearance applications are pending with various departments :
 - a. Essel Group
 - b. Chettinad Cements
 - c. Shaastha Warehousing
 - d. Jairaj Ispat Ltd.
 - e. Reddson Seamless Pipes

The representatives were asked to present their issues with respect to their pending applications for discussion in the SDB meeting. After due deliberations with the concerned departments, the Chairman has asked the departments to expedite the applications for clearance.

3. The Chairman reviewed the applications of the following departments specifically concerning the most common reasons for seeking additional information and rejections.
 - a. AP Pollution Control Board
 - b. VUDA
 - c. Directorate of Factories
 - d. Fire Department
 - e. DTCP
 - f. APIIC
 - g. Energy Department
 - h. CRDA
 - i. CDMA
 - j. Irrigation & CAD

The Chairman individually examined the various reasons and directed the concerned departments as follows:

- i. Essel group had requested for a reduction in the land price as they were facing problems in financial closure. The Commissioner had instructed them to meet the Collector of the District and asked APIIC to look into the land requirements issue of Essel Group.

(Action: MD, APIIC)
- ii. Chettinad cements requested for permission towards construction of roadway and Railway Bridge across Tangeda major canal for cement plant approach and had
