25. A.M.Hariprasad, Asst. Director, MAUD Dept
26. Sri Rajkumar, AE, APSPDC

The deliberations held in the meeting and the decisions taken are as detailed below:

I OPENING REMARKS

Director of Industries & CEO Single Desk Bureau, Government of Andhra Pradesh in his opening remarks has welcomed the Department nodal officers to the 2nd Bureau meeting on review of Single Desk Portal (SDP) performance and discussed measures to ease the regulatory environment for doing business and reduce rejections in investor applications through SDP.
II GENERAL

The Bureau discussed following agenda items:

1. The overall performance of Single Desk Portal (SDP) has been discussed and departments have been complimented for their high degree of compliance:
   - A total of 8,911 applications have been received on SDP.
   - Departments have rejected 644 applications till date through SDP.
   - Departments have requested additional information in 646 cases from investors for application processing through SDP.

2. During the review, it was highlighted that there was no approval pending (as on date) that was outside the prescribed SLA period. Therefore, the Bureau did not have any application for consideration for deemed approval.

3. In order to expedite the approvals, 11 applications that were due to cross the SLA after two days, were reviewed with respective nodal officers. These cases are as given in table below.

4. It is noted by the Bureau that Energy and Fire Departments have the highest number of rejections and also large number of cases wherein additional information is requested from investors.
5 The major reasons of rejection of applications were discussed with the nodal officers of the respective departments. All the departments have been advised to undertake a detailed analysis of reasons of rejection and take appropriate measures to reduce the numbers.

6 In cases of rejection on the grounds of inaccurate/incomplete documentation bureau has taken a view that investors should be given an opportunity through SDP to re-submit accurate information. It is also advised that departments should seek additional information/clarification from investors through SDP and reject the cases wherever the information provided again by investors is inaccurate/not as per department norms and guidelines.

7 A case of rejection of Building/site permission approval by Gram Panchayat (PR & RD Department) was brought to the notice of Single Desk Bureau as detailed below.

   - M/s RJC Agros Ltd proposed to set up a unit in Anantapur District and had obtained approvals from APPCB, Factories Department and Fire Services Department. However, Gram Panchayat has rejected their application by passing resolution in Gram Sabha that the industry is located within 1 km from the human habitation and causing pollution and depletion of Ground Water. Government issued a G.O. Ms. No. 44, Panchayat Raj & Rural Development Department, dated 21.04.2015 for delegation of powers to District Collectors for cancelling the resolutions passed by Gram Panchayats. But so far, no approval had been granted to the industrial unit.

8. After detailed review, Single Desk Bureau has instructed the nodal officer of PR & RD Department to take appropriate measures for accord of approval immediately to the industrial unit. Deemed approval could not be granted in the present case as the application was rejected.

9. It was agreed that Single Desk Bureau will hold next review meeting on SDP performance in the week starting 27th June, 2016.

10. The Director of Industries & CEO Single Desk Bureau has requested all stakeholders to reduce their instances of ‘rejections’ in SDP and identify key reasons for rejections, so that appropriate measures can be taken to optimize SDP performance.
